Zionskirchstr 23 • 10119 Berlin

Berlin, 5.10.2016

To whom it may concern,

We are pleased to write this recommendation letter on behalf of Isa Abo-Muhana whom we've had the pleasure of having in our team between 01 July 2016 and 30 Sept 2016, while he was employed as an App Developer Intern.

RECS Rechallenge UG is a small startup in Berlin, currently developing a fitness & health app.

Mr Abo-Muhana was part of our development team, where he was the only frontend developer. Mr Abo-Muhana played an important role in setting up the environment and start the development of the beta-version of our app. Mr Abo-Muhana is eager to learn, understands quickly and does not give up when it comes to research and problem solving, he's also very kind and easy to work with, all skills that are highly appreciated within a team and in a developer. Mr Abo-Muhana learned many new technical skills during his 3-month internship, and it's great to see how much he has progressed since the start. I would highly recommend Mr Abo-Muhana as a developer intern or a junior front-end developer in your organization.

Skills and languages used in this project:

JavaScript: React JS, Meteor, JQuery

HTML & CSS: Material design, Materializecss

Mr Abo-Muhana's left the company as his internship ended, with no possibility for our company to take him on-board full time at this moment. We regret this, and wish him all the best in his future studies and career.

Sincerely,

A stylized, handwritten signature in black ink, belonging to Ronja Niklasson.
